Our Ref:

Dear Football Fan

NEW GAME, UP-TO-DATE SQUADS, BEST SIDES AVAILABLE & FREE TURNS!!

Pro-SoccerPBM is launching BRAND NEW games over the next few months, this gives you a chance to manage any side you wish, with up-to-date squads and everyone with a fair chance of success right from week one. Also if you return your application form we will credit you with some free turns to get you started for the first few turns!

GAMES START WHEN?

Games will be starting in the next few weeks alongside the Euro2008 championships, along with some that will start to coincide with the start of the real-life 2008/09 football season.

WHAT SIDES CAN I MANAGE?

Quite simple, ANY! From Manchester United to Macclesfield Town! All sides will be available for anybody to manage unlike our existing games where managers earn promotion to the top sides. We can accommodate any side in a domestic leagues top division in Europe along with the whole Football league in England. Also South American sides will be available in some games. Simply put your choices down on the application form enclosed.

WHAT IF I OWE MONEY FROM BEFORE?

No problem! Your application will be treated the same as new manager and we will clear your account of any debt, plus you can still get the chance to earn free turn credits for every manager you recruit to the same game, even if they have played the game before like yourself.

WHAT DO I NEED TO DO NOW?

Simply return the application form back to us, no need to send any payment just yet. You should get some confirmation of your side(s) within a couple of weeks, or if unsure then get in touch and we can keep your up-to-date of what is happening or check out the NOTICES section of our website.

We Look Forward To Hearing From You!

Yours Sincerely,

Trevor Dexter. (GM for Pro-Soccer)
